EXPERIENCE

Permit Coordinator | Capital Engineering LLC — Feb 2025 – Present

- Design and draft traffic control plans (TCPs) in AutoCAD and MicroStation.
- Prepare and submit permit applications to local and state agencies, including DDOT, DOB, and DOEE, compiling drawings and documents from project teams and clients.
- Track applications through agency review and report expected approval dates to project managers.
- Confirm forms, fees, and submission rules with jurisdictions; keep project trackers and files current.

Freelance Architectural Drafter & Designer | EdenArch — 2023 – Present

- Produce floor plans, elevations, 3D models, and renderings in Revit and AutoCAD for residential, hospitality, and mixed-use projects.
- Projects include an 8-unit, 5-story apartment building; a 3-story, 5-bedroom house; an 80-seat, two-level cafe; and a 15-story mixed-use tower (design development).
- Delivered the apartment building’s Revit model, CAD drawings, and renderings on a three-week schedule.

Architectural Designer & Urban Planner | S.Hawi General Contractor — Aug 2020 – Dec 2023

- Developed AutoCAD conceptual plans for a 30-story commercial complex for client and agency review.
- Led permitting and zoning compliance for the complex, coordinating with local authorities.
- Prepared permit applications and resolved agency comments, reducing project delays by 20%.
- Supervised on-site construction to confirm work matched the drawings.
- Received the company’s Certificate of Recognition (October 2021).

Architectural Designer | Denk Furniture Co. — Sep 2019 – Jan 2020

- Coordinated with manufacturing teams to keep product designs within safety and regulatory standards.

Architecture Intern | Nemad Consulting Architects & Engineers — Jul 2018 – Sep 2018

- Prepared bills of quantities and reinforced concrete schedules; supported as-built drawings and site analysis for a rehabilitation center’s permit documents.
